Burlingame, Ca 94010

To French Transit,

Thank you very much for the samples of your product "Crystal Stick Body Deodorant". When we educate our breast cancer patients they are told to refrain from using deodorants containing aluminums and/or fragrances during radiation treatments due to the potential skin reactions. This leaves them with few choices and most patient are very concerned about body odor. Your product solves both of these problems. We have received many complements on your product and now give a sample to each of our breast cancer patients.

Sincerely,

Rance Capps, R.T. (T), MBA
Director of Oncology Services
